Dan Terrell was born on October 9, 1988 to his parents Gilbert and Lori Beth Terrell. He has three siblings, Jacob, who is 20 years old and attends Cloud County, Margaret, who is 16 and attends Wabaunsee High School, and Ruth, who is 15 and also attends Wabaunsee High School. His plans after high school are to play basketball somewhere. After school he likes to play basketball, eat, and sleep. Dan is in basketball, track, FCA, Pep Club, Scholars' Bowl, and is a teacher's aid. His favorite animal is a duck billed platypus. He does not have a favorite food because he likes all of it. If he was to choose a time period to live in, he would want to live now because he is most familiar with it. If he was to be a tree he would want to be a Great Sequoia, because they are great. He has a Rat Terrier dog named Mitzy and two cats. His best high school memory so far is freshman basketball, being able to suit up at state. He would take a trip to the moon if he had the chance. Mrs. Wingfield is his favorite teacher because she makes him laugh and learn at the same time and is always there for anything he needs, anytime. He sees himself settling down with a good job and wife in ten years, and in twenty years he sees himself still with his wife and being a school counselor and/or a coach. Dan admires teachers the most "because they do a lot and most of the time we take them for granted, but they are the reasons that we excel."
