James Adams is the son of Mikle and Elizabeth Adams. He has a brother, John Adams, age 24. After high school, James plans to attend North Central in Beloit, Kansas. His favorite hobbies include playing pool and working on cars. Mr. Adams also participates in Skills USA and the WHS band. When asked “If you could take a trip anywhere around the world, where would you go?” he replied “Florida, because the weather is so nice and I have never been to the ocean”. Mr. Henry is his favorite teacher because James thinks he is fun and has a flexible classroom. He admires his brother the most, since they always have a good time and James’s brother watches out for him. If he had \$1 million, he would buy a sweet car and help out family and friends.
