

Spotlight on Tricia Glotzbach

By: Elyse Schrader
Editor-in-Chief

Tricia Glotzbach was born on April 5, 1990 to Wayne and Karen Glotzbach. She has a stepmother named Mary along with seven brothers and sisters named Megan, Josh, David, Dakota, Jacob, Nikki, and Dee. She also has a dog, a goldfish, and one other fish. She stays busy working at Alma Food Mart, visiting friends, and relaxing.

Tricia's favorite teacher is Mrs. Breiner, "she always meets me half way with things and she's always thinking about others before herself". If she could take a trip anywhere, she would like to go to Zanzibar, Africa because her best friend is from there. Her favorite foods are fruits and Skittles. She enjoys listening to rap and R&B. Something that not many people know about Tricia is that she loves organic food.

In ten years Tricia sees herself being done with college, having a successful job, and possibly married. The person she admires the most is Martin Luther King, Jr. After high school Tricia plans to move back to Lawrence and attend Johnson County Community College. She will major in nursing.
