Re: Re-evaluation of Gifted Students with Dual Diagnosis

Date: 08/02/05

To Whom It May Concern,

It is important in situations where students dually diagnosed as Gifted and one of the handicapping conditions (for example, Learning Disabilities) that the re-evaluation not only reviews the continuation of gifted services but also that of the handicapping condition. Because the Cooperative's Enrichment Facilitators typically organize the re-evaluation for all Gifted students communications need to be extended to the special education teacher attempting to remediate the deficit area(s). The re-evaluation request to parent(s) then incorporates the assessments to be conducted for the re-evaluation. Questions regarding further clarification should be directed to the School Psychologist assigned to the building in which the student attends.
