**Comments:** Thank you to Wabaunsee Pines for allowing us to run our meet at the Golf Course and helping with the parking. We are looking forward to hosting league on the course again in a few weeks. Thanks also to all of the parents and faculty who helped run the meet, your efforts are very much appreciated.

Our junior high got us off to a great start, sweeping the first 4 places in the boys and winning 2 medals in the girls. They pulled in 6 season best times, with Chelsea Lewis making the most improvement by cutting over 2 minutes.

For the high school we ran although our times weren't as fast as last week. This was a much more challenging course and I feel that in most instances we ran better races despite slower times. Cierra ran a very good race and had her highest finish of the season. The boys' got edged out by Rock Creek for second place and we are still chasing Silver Lake. We have 3 weeks of practice before league and still have time to close the gap. For an inexperienced bunch, this group has put themselves in the hunt for the league title. The remainder of the season should be fun.
